About Me

Student at Johns Hopkins University

I am from San Antonio, TX. My background is in actuarial science and machine learning models for the CFO Office working with a variety of clients from Insurance to Legal Consulting. I have about 5 years of experience building machine learning models for mostly financial data. I like to explore different parts of the world. Most of my travels are in 10 days! I also like to play the violin and read in my free time. You can find my contact information at [Contact page](#).
